MEMORANDUM FOR THE RECORD

SUBJECT: Director's Conversation with Senator John Stennis

The Director told me today of his phone conversation with Senator Stennis in which Stennis had:

a. Indicated a desire to have the Director testify on verification before the full Armed Services Committee immediately after his appearance before the Foreign Relations Committee next week.

25X1A

b. Referred cryptically to the [redacted] item and suggested that it might be well to brief the "forthcoming chairman" on this sensitive matter. (The Director assumes that Stennis was referring to Senator Symington but the Director was at a loss to know what chairmanship Stennis had in mind.)
